

Alpine Skater of the Month

December 2017

I started skating when I was 7y/o, because I always heard my mom and aunt talk about how much they loved doing it when they were kids, so I decided to give it a try.

What I love most about skating: I love the feeling of landing a jump for the 1st time or placing well at a competition. I also love all the experiences and friends made.

When I am not skating, I like to: Read, take walks or play with my cats.

I have or would like to support Alpine Skating Club by: I work the Saturday Bingo sessions and I volunteer at Funtastics.
